Non-Residential & New Residential Permit

Special Note Regarding Contractors and Sub-Contractors

A complete list of contractors and subcontractors that will work on the proposed project will need to be submitted on separate form as part of the permit application package.

Failure to complete *each* line of the new form with the subcontractors' names will be considered to be an incomplete application, resulting in a delay or denial of the permit. For instance, if the 'homeowner' is to perform the work, note the word 'homeowner' on that line. If the trade does not apply to the proposed project, write 'N/A'.

It is imperative to check with your subcontractors or the City to verify registration is valid for the current calendar year. The City will not issue a permit to unlicensed contractors. Work may not commence until a permit has been issued. For your convenience, contractor registration packets are available on the City of Avon's website (www.cityofavon.com) or by contacting the building department.

Should you have any question(s) please contact the City of Avon Building for more information at (440) 937-7811.
